

Happy 30th Anniversary, TCPIADMT!!!

What a wonderful weekend at the 2010 Pfrimmer Convention!!! The TCPIADMT is 30 years old!!! Ruth Ann Hobbs was honored and awarded a plaque in honor of her service and dedication for the past 30+ years. Ruth Ann, we again thank you from the bottom of your hearts for all your dedication and willingness to share with us all you've learned. We love you!

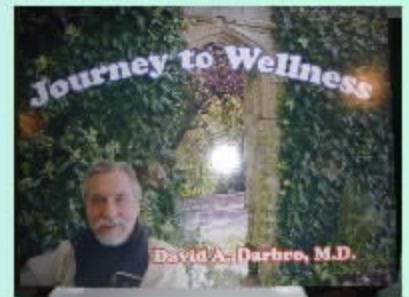

It's been several years since I've had the opportunity to attend convention. I forgot how much fun it is and how much education I would receive! I walked in the front door of the continuing ed building on Friday afternoon and who's standing there? It was my partner from school 12 years ago!!! Talk about surprise and joy! After graduation, we lost contact but when we saw each other, it felt like just yesterday. Another awesome benefit of this school, the lifelong bond of friendships! It was great to see old friends, make new ones, and just to be in the presence of so many people who value this work and have made it a part of their lives! We all have a common bond with each other that you won't find anywhere else in the world!

We had 38 people attend convention this year. We had 28 attend the PDMT review. If you've never attended a convention or review, I highly recommend that you do! The education was wonderful and it's great to hear the Pfrimmer script read as we were taught and to have the opportunity to ask any questions we had about the technique and/or protocol (just in case we've forgotten :-).

I want to extend a huge THANK YOU to those of you that helped set up, tear down, brought food and drinks, and donated gifts for the raffle and silent auction! Thank you to the board members - Ruth Ann Hobbs, Jackie Himelick, Mary Kirtlan, Nancy O'Dell, Judy Clark, Margie Lea, LeAnn Smith, Vicki Montgomery, & Star Elliott for all your hard work in organizing the convention and for all you do in keeping the TCPIADMT a functional organization! If you are not a member of the TCPIADMT, please consider joining and providing your support in helping us fight to keep the trademark! Jackie Himelick and Mary Kirtlan have done an awesome job and put in A LOT of hard work, time, and money for the association. Please help support Pfrimmer!! Our jobs and lives will definitely be affected by all the work that's been done by the board! For membership information, please contact Judy Clark.

During the 2010 convention, Dr. David Darbro took us on a "Journey To Wellness" on Saturday and on Sunday, we had a wonderful PDMT review and Charlie Gerber spoke on "Ethics". We also had a rare visit from a resident from the planet of Zorb this weekend! :)

Dr. David taught us about SilverSol and how silver technology could change and protect our lives in such an amazing way! We also learned how iodine deficiency and heavy metal toxicity has played a major role in the health problems this world suffers. We learned how Scaler Energy, Far Infrared Technology, and stem cells are a way to heal and protect our bodies from these problems. We learned a lot of information that many of us had never heard about before and learned about some products that we can use to improve/change our health and that of our clients.

Charlie Gerber gave us some wonderful information on ethics and how the use of or lack thereof can make all the difference in our personal and professional lives. We talked about how the degree of level of ethics that each and every one of us hold as a therapist can affect each other in such an impactful way. Charlie talked about the emotional benefits/detriments our own level of ethics can have in our lives and how it can affect our business, our clients, and the lives of fellow therapists.

I can't wait to find out what we have in store for the 2011 TCPIADMT Convention!!! The dates are April 23 & 24, 2011 and it's being held at the ASSTI next year! Cut off date for early registration is April 1, 2011. Mark your calendars This is also a great opportunity for CEU's!

I would also like to extend a "Thank You and God Bless" to Bruce Philpott who will be leaving in August to serve our country in Afghanistan. Our thoughts and our prayers are with you, Bruce!

In closing, I just want to ask everyone to remember the history of PDMT and the life and work of Therese C. Pfrimmer. This work is irreplaceable and your support is greatly needed to keep it protected! I wish you all a blessed journey in your lives and much success in your work! I look forward to seeing everyone at next year's convention.

P.S. Jackie and Mary - "It's Over!" :)

THANK YOU BRUCE!!

Be sure to check out the rest of the convention photos and learn the faces of the Therese C. Pfrimmer International Association of Deep Muscle Therapy board members.
